content

- Introduction
- Three main themes of work
- Towards Anti-corruption Strategy In Egypt

Introduction: Why are we working in Corruption?

- About SCC Mission
- The idea behind working in Corruption
- The chosen three main tracks:
  - The analysis of corruption in Egypt.
  - Revive and Benefiting from the regional and international experience.
  - To shape the anti-corruption laws, institutions and mechanisms.

Three main Tracks

To Analyze

To Benefit

To Shape

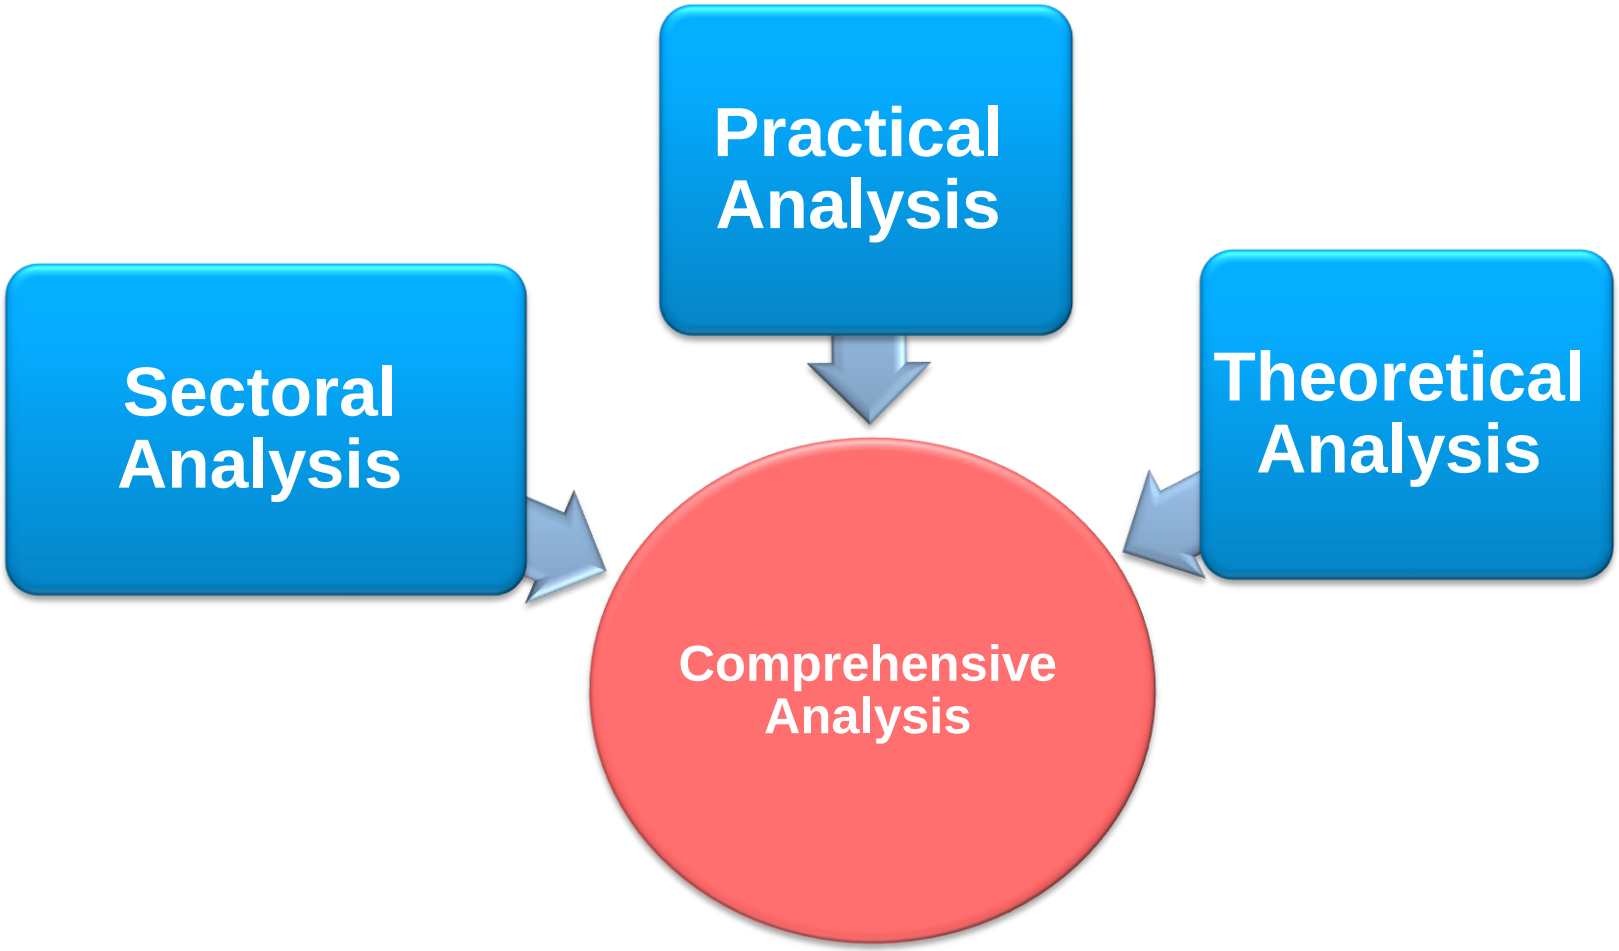
The analysis of corruption in Egypt

- **Why we analyze corruption? The importance of the analysis**
- **The types of the analysis:**
  - **The theoretical analysis**
    1. ***"The Legal and Institutional Framework for Combating Corruption in Egypt"***
    2. ***United Nations Convention Against Corruption: Implementation and Gap Analysis in the Egyptian Case.***
  - **The practical analysis**
    1. ***"National Survey of the Citizens' perception on Corruption, the Judicial System and the Quality of Governmental Services in Egypt"***
    2. ***"Combating Corruption in Egypt: A Reading of Some Judicial Sentences"***
    3. ***Reasons behind corruption: theoretical and practical analysis***
  - **The sectoral analysis:** Corruption In Sectors

The sectoral analysis: Corruption In Sectors

- The selected sectors
  - Health sector
  - Education sector
  - Water and sanitation sector
- The steps
  - International Experience review
  - Stakeholders meetings
  - Collecting data
- Corruption in local governments
- Corruption in public land

Better Understanding of Corruption

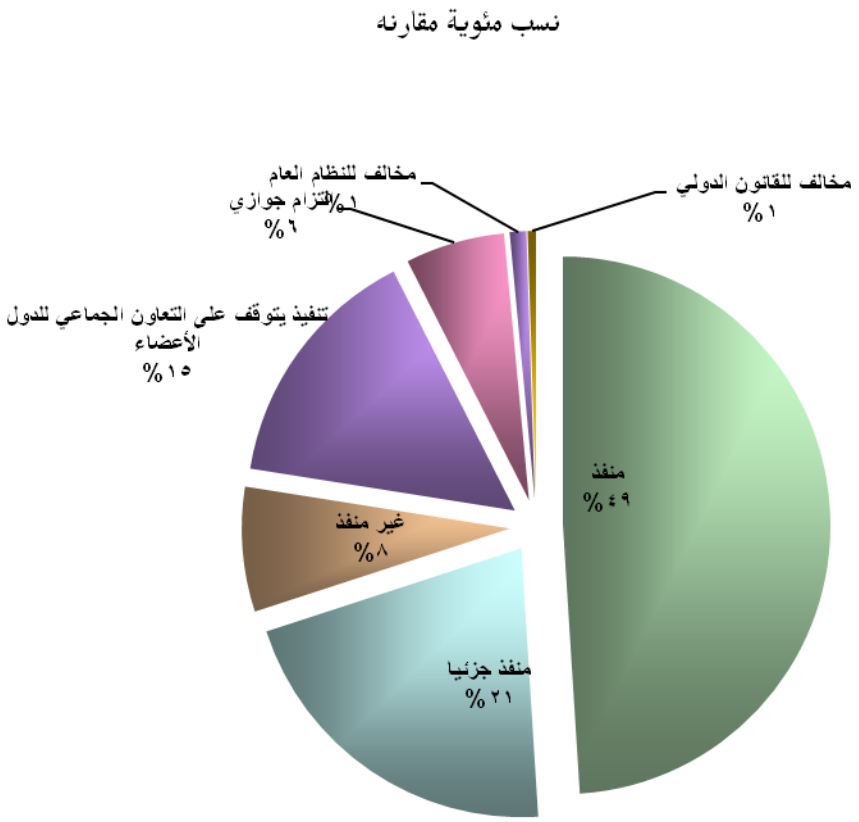


The international conventions against corruption and where Egypt stands.

- **The conventions Egypt has signed and ratified:**
  - **UNCAC**
  - **African Union Convention for preventing and combating Corruption.**
  - **Arab Convention for preventing and combating Corruption.**
- **Why?**
  - **Strengthening the internal anti-corruption mechanisms**
  - **The international cooperation**
  - **Help the government to be ready for the formal review for UNCA**
- **Publications:**

United Nations Convention Against Corruption: Implementation and Gap Analysis in the Egyptian Case.

UNCAC Implementation



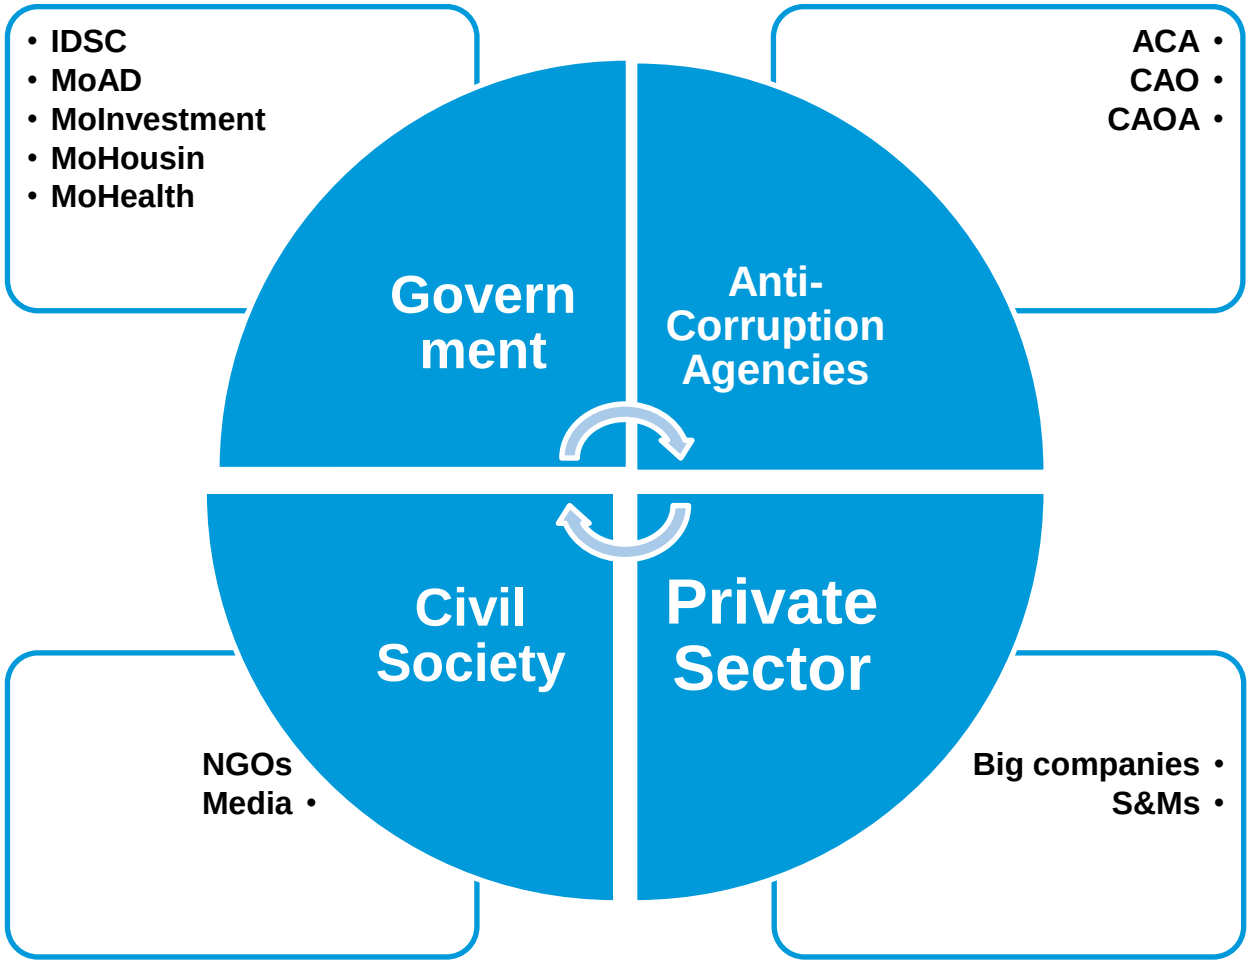
Benefiting from the regional and international experience

- To build on the others' experience
- The criteria: from whom we can benefit?
- The publications:
  - *Corruption and MDGs*
  - *Fighting Corruption: Case studies from Ghana, Colombia and Nigeria.*
  - *The Arab Experience in Combating Corruption.*

Towards Anti-corruption Strategy in Egypt

- How to better benefit from the work we have done?
- The objectives:
  - Is to stimulate extensive dialogue on corruption issues and contribute to the formulation of a national anti-corruption strategy in Egypt with a special focus on three pilot sectors: education, health and water and sanitation.
  - Contributions offered by the project will be based on extensive research and evidence-based assessment to the levels and reasons behind corruption in Egypt we did and we are doing.
- The work done

Main Stakeholders



Planned Activities with *different stakeholders* in the near future

Partners:

- Anti-Corruption Agencies

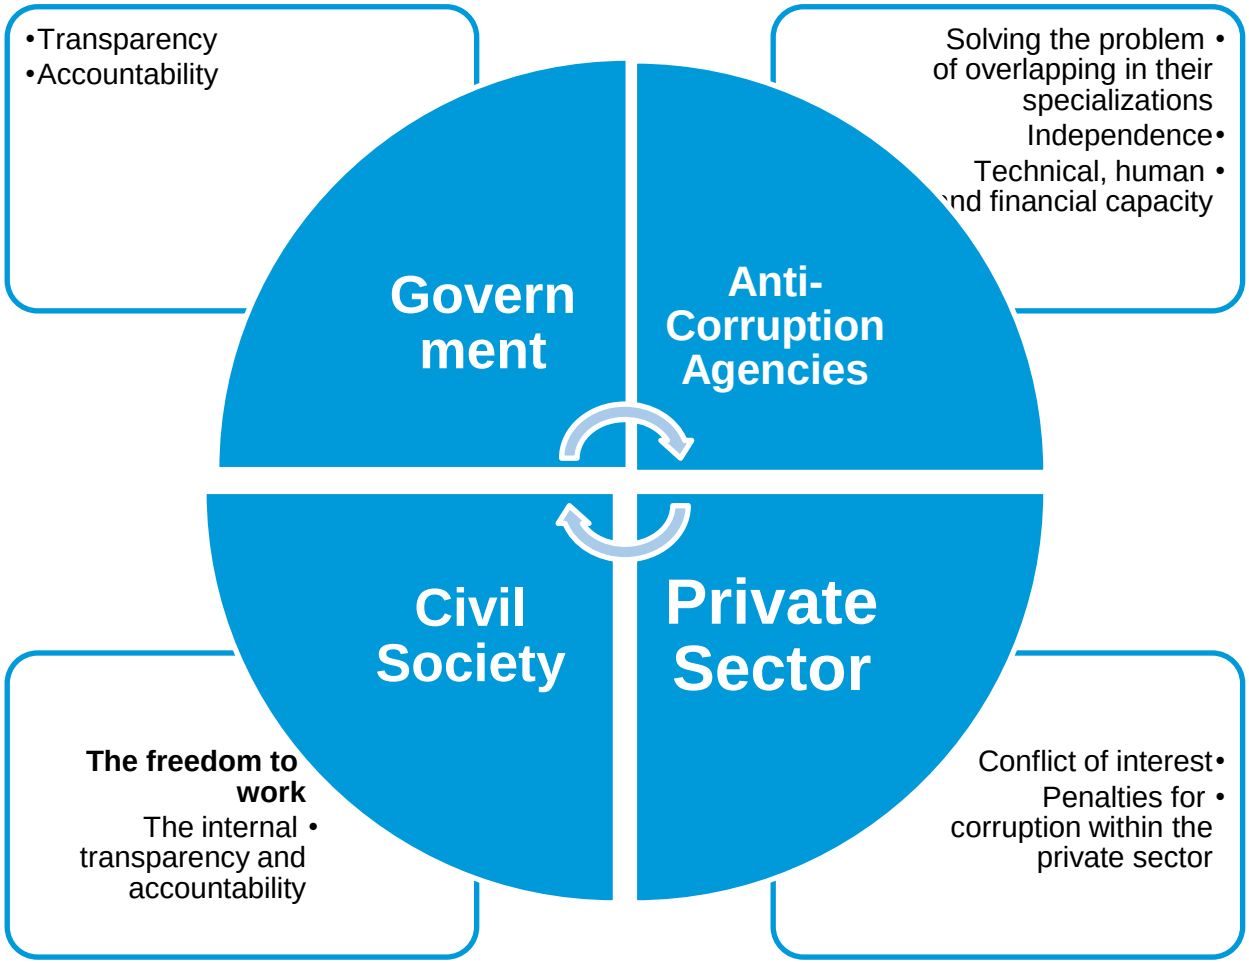
Implemented Workshops:

- Assessing Anti-Corruption Laws, Institutions and Mechanisms in Egypt

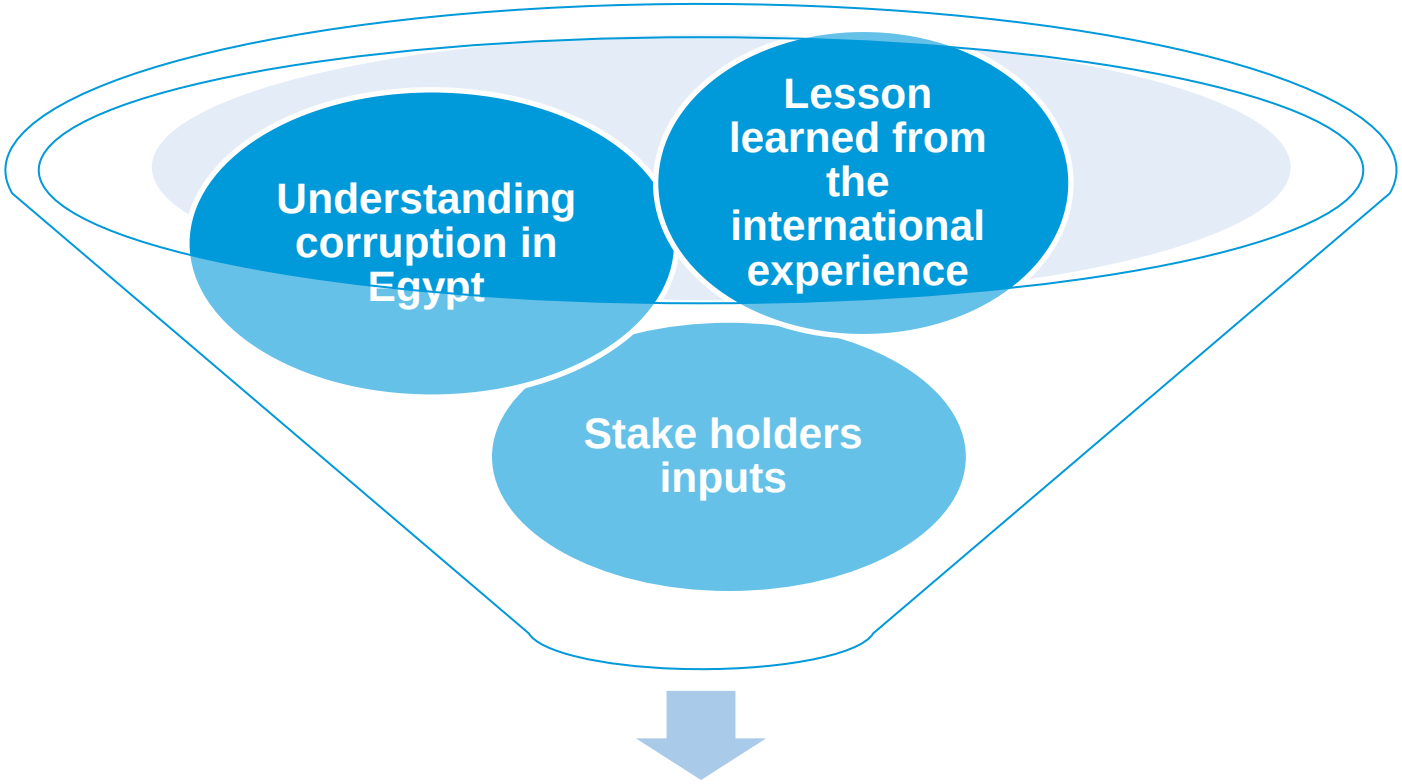
Planned Workshops:

- UNCAC: Implementation and Gap Analysis in the Egyptian Case
- Public Servants Law
- Local Administration Law
- Conflict of Interest
- Access to information
- Corruption in Private Sector
- Social accountability: the role of civil society in combating corruption

Stakeholders' Main Weaknesses



The Overall Goal



Why Anti-Corruption Strategy?
